RAILROAD REPORT.

TO THE STOCKHOLDERS OF THE
GETTYSBURG RAILROAD
COMPANY.Gentlemen:
The President and Managers of your
Company, to whose care you have entrusted
the interests of your Road during the past
year, beg leave to lay before you the fol-
lowing statement of the affairs and pro-
ceedings of the Company for the past year:The Stock collections have been small
during the year, the total amount receiv-
ed in money being \$10,506.65, leaving a
balance outstanding on the Stock accounts
of \$20,444. The amount received on
Stock, including the Stock paid to Messrs.
Irwin & Taylor on their contract for the
grading and bridging of the road, was
\$16,766.65. Thus you see that the sub-
scribers to the stock of the Company who
were in default at the last annual meeting
of your Company are many of them still in
arrears. On nearly all of these claims
have suits been instituted, and during the
year the most of the cases can be
decided and the Stock accounts closed up.In January last your Board commenced
operating the road as far as New Oxford,
and in the statement below you will find
the receipts of the road at that point.—
The track-laying was unavoidably delayed
at New Oxford until near midsummer on
account of a ledge of Rock which was en-
countered unexpectedly in the cut through
that town; but about the middle of Sep-
tember the road was opened for business
six miles this side of Oxford, to Goudin's
station, and the business to that point will
also be found hereafter in this report. The
track-laying was again delayed at this place
for several weeks on account of a difficulty
in cutting through a section of hard rock
encountered there. This having been done
the track-laying was resumed, and the road
completed to Gettysburg, and formally
opened for business on the 16th of Decem-
ber last, and the business for the remainder
of that month is also contained in this re-
port.The receipts at Hanover for the transpor-
tation of Passengers up to and including

Amounting to about \$6591 92

This, of course, only gives a faint idea of
what business the road will do now when
finished.The actual expenses of the road are not all
presented for the reason that the bills are
not handed in for all the expenses up to
the end of the year. But the proceeds of
the road during the year will pay all the
expenses of the road, and the interest on
the loans, and leave a surplus. Now since
the road is finished to Gettysburg and ready
to commence business properly with the
year, it is hoped that the receipts of the
coming year will be such as to enable the
next Board to add a considerable sum to the
surplus fund.During the year there have been Bonds
sold to the amount of \$48,500, and money
raised also on the Company's Notes by hy-
pothecating the Bonds as collateral secu-
rity. These debts must be paid off, and
consequently the next Board will be under
the necessity of selling a large amount of
Bonds to pay off the floating debt.—
The great financial storm which has swept
over our country like a tornado during the
past eighteen months is subsiding in the
cities, and it is hoped that the Bonds can
be sold there.The Grading and Bridging of the road
was completed by Messrs. Irwin & Taylor
according to contract, and they were settled
with and released the Company from any
further claims under the contract.As stated in the last report, the Board
had purchased from Messrs. Vore, Living-
ston & Co. 1850 tons of Rails; but this amount
was found not to be sufficient to complete
the road, and they bought 55 tons more
from the Cambria Iron Works, for the
main track, and have ordered 10 tons
of light rail for siding. Besides this they
purchased a small amount of second hand
rail from the Hanover Branch R. R. Co.
for sidings.During the fall a contract was conclu-
ded with Messrs. Warner of Gettysburg
for the erection of an Engine-house, a
Freight-House and a Passenger station at
Gettysburg. For this purpose the Board
procured ground from Messrs. Doerson &
Condit for the Engine-house & Freight-
house, in consideration of a switch privi-
lege; and from Geo. W. McClellan, for the
passenger station on the corner of Carlisle
and Railroad street in consideration of the
erection of the Building for that purpose
on the lot. The company agreed to pay
Messrs. Warner for the Buildings erect-
ed \$4,480, part in cash and part in bonds
of the Company at 80 per cent. of their
par value.During the fall the Board contracted
with the Trenton Locomotive & Machine
Manufacturing Co. for 15 Lima Cars and
have received them. They cost \$235 per
piece in the Bonds of the Company at 80
per cent. The amount being still open
and unsettled with the Company, the credit
is not brought into the statement of the
auditors.The amount of Bonds sold as per report
of last year was \$36,200, which, together
with the amount sold during the year just
past, makes the whole amount of sales of
Bonds \$80,700.It is hoped that an effort will be made
by the next Board of Directors to furnish
the road with Rolling Stock as soon as pos-
sible. We are decidedly of the opinion
from a short experience that the interests
of the road will suffer every day a delay
in this matter.R. McCURDY, Pres't.

DR. S. FELLERS'
FAMILY MEDICINESARE the only preparations of the kind
placed before the public under the name
of Fellers'. They are called Eucalypti
because they are carefully and scientifically
selected—the best from all the countries—and
approved by the most scientific men in the
United States. They do not contain any
Mercury, Antimony, or Opium, or anything
that would be deleterious to the most delicate
constitution.All who understand the curing of disease
know that medicines only assist nature, and
unless they act and harmonize with nature,
disease cannot be cured. Want of a proper
knowledge of these facts causes many of our
fellow citizens to go down to an untimely
grave.I can therefore recommend this prepara-
tion with the utmost confidence, and am fully
persuaded, from past experience at the bed-
side of the sick, that it will give very general,
if not universal satisfaction. Yet, at the same
time, I do not pretend to say that it is a
cure-all, or that it is, in all cases and cir-
cumstances, infallible. For when a remedy is
set forth as "cure-all," "infallible," &c., the
conclusion with me is irresistible, that the
preparator himself believes his remedy
to be a humbug, and designed from the
start to deceive the public.SAMUEL CRONER,

want is a fair trial, and it will recommend
itself.
